*on the tennessee-tombigbee
waterway*

Established during 1986 to serve commercial shipping along the Tennessee-Tombigbee Waterway. Port Itawamba has transformed itself from a simple marine terminal to a fully coordinated multimodal logistic center.

Port Itawamba stands out simply because of our ability to offer combined services including a rail spur, 60-ton bridge crane, wireless inventory warehousing system, and an additional hard-surface storage area.

Located at 104 Port Road in Fulton, Mississippi, we are ready to assist your with all your shipping needs. We are ready to work with you in making your business with Port Itawamba a winning partnership.
